Profile

A meticulous and self-motivated lifelong learner who, after years of study, finds himself employed as a front-leaning full stack developer. Having come to the development world from a fine art background, he is especially interested in design and UI/UX.

Skills

JavaScript *ES2015, AngularJS, jQuery, Ionic, React, React Native, Node.js, Express*

Web Development *HTML5, CSS3, Sass, Bootstrap*

Dev Tools *GitHub, Gulp, Grunt, Browserify, npm, Bower*

Recent Projects

SnApp Web Portal (Launchpeer) *AngularJS, Chartist.js, Bootstrap, Sass*

Designed and built a web dashboard for medical administrators that aggregates and displays user data entered into the client's existing mobile apps via RESTful API.

FoundHound *React Native, TypeScript, NFC Chip Reader, Geolocation, Node.js, Express*

Designing - from technical requirements, branding, wireframes, to interactive prototype - and building an Android app that uses NFC chip technology and geolocation to find lost pets.

APC Real Estate Calculator (Launchpeer) *MEAN Stack, Chart.js, RETSRabbit, Bootstrap*

Built a web app that estimates and charts the market value of a given home based on comparable property data pulled from the local MLS API and the client's proprietary algorithm.

C'Reer (Launchpeer) *Ionic, Firebase, Sass*

Built iOS and Android apps based on client's web beta that aim to help students find academic programs that match their personalities and live chat with school administrators.

Experience

Full-Stack Developer Launchpeer, Charleston, SC – 2016-Present

As the company's first full-time employee and longest-serving developer, I've been responsible for establishing development processes, maintaining code standards, and mentoring new hires during a period of rapid growth, all while writing the majority of code for as many as four client projects at a time.

Education

Front-End Engineering The Iron Yard, Charleston, SC – Spring 2016

Computer Science Northern Kentucky University Highland Heights, KY - 2014-2015

BA Cum Laude Studio Art Macalester College, St Paul, MN - 2012
